## 2 person has recommended Anh

"I have worked with Anh at PayPal for 2+ years in which she was a key contributor on several of the project teams I managed. She is an extremely dedicated and insightful individual who thinks outside the box and goes the extra mile. Anh provided quantitative analysis to support tracking and performance results on several of the initiatives we launched. The quality of her work was always outstanding. Anh is a true team player who is always willing to help others whenever possible. She also has strong inter-personal and collaboration skills which make her a very valuable asset to any team or project. "
